

## How can you visit the Housing Unit?

Explore this “vertical city” with our team of guides and visit the historic show apartment, the nursery school and the terrace roof.

Nearly 1,000 people currently live in this extraordinary building and experience the Corbusian way every day.

As it is still inhabited, **the Unité d’Habitation can only be visited with guided tours.**

Make sure to book your tour! Check our [programme of guided tours](#).
